Exceptional Venue for First Class Events

The world famous Pinewood Studios offers a unique venue that is certain to impress. The conference & banqueting facilities are located in the original manor house, Heatherden Hall, offering a range of magnificent rooms with breathtaking sculpted gardens. With four function rooms available for hire, our venue can reach capacities ranging from 250 for a formal dinner, up to 350 for a conference and has space for a marquee for up to 400 guests. With film and television studios also available for receptions and product launches and a fine dining restaurant and bar providing the perfect space to host week time business meetings, this venue has it all. Pinewood also offers a superb location for a full range of special events. The onsite team specialise in themed events, summer parties, barbecues, Christmas packages and banqueting events.

Food

COUTURE, the caterers here at Pinewood, create delicious, freshly prepared, locally sourced, British food with a twist. Our team of chefs work together to ensure consistency of quality and variation, producing fabulous seasonal menus to suit all occasions. In addition to great food and service, the dedicated team are on hand to help organise every element of your event, from flowers to audio visual equipment through to limousines, lighting and theming; in fact anything that will make your event an occasion to remember.

Ballroom Dating back to the early part of the nineteenth century the oak-panelled ballroom still boasts its original oak sprung dance floor. Impressive features include a raised stage area, crystal chandeliers, open fireplace and French windows leading out onto the terrace and gardens. Three arched panelled doors open onto the adjoining Pools Theatre. The entrance to the Ballroom is via the Club Bar.

Pools Theatre Originally built as a swimming pool, the Pools Theatre has now been converted into an unusual split-level auditorium and banqueting suite which interconnects with the Ballroom. Ideal for conferencing and banqueting, the Pools Theatre is a flexible space that can be used for a range of special events.

Hitchcock Room A Georgian-style room with an ornamental fireplace, white columns and French windows leading into the gardens. Built originally as the dining room, it retains many of the original period features. This room has been re-launched as a fabulous new fine dining restaurant – The **COUTURE** Dining Room. Open for elevenses, lunch and afternoon tea, Monday to Friday, the restaurant offers an ideal location to host your week time business meetings. The space is also available for hire on evenings and weekends.

Pine Room This small ante-room connects by double oak panel doors with the Hitchcock Room and is ideal for small presentations, pre-conference registration, refreshments or for use as a bar.

Club Bar Originally the gun room, a cocktail bar was added and eventually it adopted the name The Club Bar. With a grand sandstone fireplace and leather chairs the bar has become a popular place to meet, greet and socialise. Available for private events, it is also open Monday to Friday between 12:00 midday and 3:00pm.

Grounds The stunning grounds at Pinewood provide an idyllic setting for summer parties, team building events or perhaps a barbeque with croquet on the lawn.

History

Did you know:

- Heatherden Hall has a fascinating history and catalogue of notable owners including the famous Indian cricketer K.S. Rhanjitsinhji and Canadian financier Lt. Col. Grant Morden.
- In the early 1900s the original house was transformed into a Victorian showpiece, with a huge ballroom and a Turkish bath.
- In the 1920s it became a retreat for politicians and diplomats and, in November 1921, provided the venue for the negotiation and signing of the Irish Free State Treaty.
- In 1934 the house was bought at auction by the prominent builder Charles Boot. He was later to meet J. Arthur Rank and would become his partner in the studio project.
- The first production to take place at Pinewood was "London Melody" in 1936, and by it's 60th anniversary Pinewood had produced no less than 600 films, both for the big screen and television.
- Classic films created at Pinewood include "Chitty Chitty Bang Bang"; "Oliver Twist" and "Great Expectations", directed by David Lean; Lord Olivier and Marilyn Monroe's "The Prince & The Showgirl" (her only film ever made outside of Hollywood); "The Great Gatsby"; "Bugsy Malone"; The "Doctor" films: the "Carry On" films and most of the "James Bond" adventures.
- More recently Pinewood Studios has accommodated some of the most spectacular moments, memorable stars and ambitious sets on screen. Jason Bourne, Batman, Lara Croft and Superman have all walked the corridors, while the stages and backlots have become Greek fishing villages, Venetian palazzos, ice palaces, Cambodian tombs, space ships and Paris opera houses.
